SOS Children's Villages - USA Builds Brighter Futures

For more than 50 years, SOS Children's Villages has been providing abandoned and abused children with permanent homes and loving families in more than 131 countries worldwide.

Each SOS village consists of 10-15 family houses, creating communities where children grow, learn and participate in neighborhood life. In each SOS Children's Village, every child has the benefit of a loving parent, brothers and sisters, a stable home, and a community to grow up in.

The stability offered in an SOS community village helps children develop into successful young adults. Currently, there are three U.S. villages: one in Florida; two in Illinois. The one in Chicago is the first urban village and is supported by Mayor Daley. "SOS Children's Villages is about holding dignity, courage and self-respect. More people should support SOS because it's right, it's true and it's good and I'm proud to be standing up here." [Sarah Ferguson, The Duchess of York, SOS Children's Villages - USA Celebrity Spokesperson.](#)
